

DEEPAK — CUT 01

Teak Table Lamp with Alabaster Shade

A table lamp with a base turned from solid teak on a hand-spun lathe, paired with a shade hand-cut from a single block of alabaster. Lit, the alabaster glows a slow honey from within. Named for the lamp itself — deepak, the steady flame of the household.

MATERIAL	Lathe-turned teak base, hand-cut alabaster shade, single concealed bulb
ORIGIN	Workshop in Saharanpur, Uttar Pradesh
LEAD TIME	6–8 weeks from confirmation
DIA	28 cm
HGT	48 cm
