

KALASH — CUT 03

## Hammered Copper Ceremonial Vessel

A small ceremonial vessel hammered from a single sheet of copper, the surface left dimpled by the maker's strokes and aged to a deep verdigris patina. The mouth is narrow, the body full — the classical kalash silhouette held in miniature. For a console, a shelf, a threshold offering.

MATERIAL	Hand-hammered copper, naturally aged patina
ORIGIN	Workshop in Tambat Ali, Pune, Maharashtra
LEAD TIME	4–6 weeks from confirmation
DIA	18 cm
HGT	26 cm
